**POOLS**  
WHITSUNDAYS

A couple is seen from behind, sitting in a swimming pool. They are holding wine glasses and looking out at a vast blue ocean under a clear sky with some light clouds. The scene is set during the day, with sunlight reflecting on the water. The pool is surrounded by a tiled deck and some greenery.

# INSTANT POOLS

WHITSUNDAYS

## Most people think getting a pool is complicated and expensive. But it doesn't have to be.

You live in the Whitsundays.

Warm weather. Outdoor living. The kind of place where a pool just makes sense.

But for most people, getting one feels like too much.

Excavation. Retaining. Access issues. Months of disruption.

And if your block is sloped?  
Most companies won't even touch it.

So it gets pushed back.

Another summer.

Another "maybe next year."

**But it doesn't have to be that way.**

Instant Pools Whitsundays is a family business. Lofty and Casey have helped families all across the Whitsundays get into their pool faster and with far less stress than they ever thought possible.

> Steep block? Tight yard? We love those.

# More time in the pool. Less time building it.

**No major excavation.**  
**No months of waiting.**  
**No turning your backyard into a worksite.**

Your pool arrives fully built, pre-plumbed, and ready to go.

It sits above ground or partially in-ground to suit your space, making it ideal for sloped blocks and tight access sites. No structural excavation required.

You prepare a **simple level base.**

We handle **delivery and crane placement.**

You **fill it.**

You **swim.**

The long bench seat runs almost the full length – five adults, comfortably. The shallow beach entry means little ones can splash around safely while you sit back and watch. The swim zone gives you actual room to move.
